

SAVE THE WORLD *Hand Sanitizer* OPERATION TOMODACHI

We are working on a project where our organization provides scarce goods such as sanitizers, face masks, and groceries to all 50 United States.

In addition to providing scarce goods, we are establishing online schools for children are not able to commute to schools worldwide.

We are supporting people who are patiently cooperating with stay-at-home orders by providing entertainment content such as workouts to aid in our battle with COVID-19.

We also are working on a system of distribution of sales and donations for sanitizers delivered to us on a weekly basis and putting in the repetitive effort of selling and donating until our goal of all 50 states getting support is achieved.

We want this project to be a collaborative effort where each individual who makes a purchase can then spread awareness of this project and be a part of it so that we can rely on ourselves by helping each other and progressing toward the end of COVID-19.

Furthermore, we ask for your kind cooperation to keep this project permanently sustainable through repeat business and not just a one-time donation.

All profits will go toward the next project.

First Cycle of This Project

- Date of Donation : Middle of June~
- Places : The City of Los Angeles, Long beach, Glendale
Public elementary and middle schools in LA
Hawaii. (Mask:180,000 pcs, Sanitizers:10,000bottles)
